

CORN, WHEAT PRODUCTION ON DECLINE

July Estimates Too High Department Declares

Washington, Aug. 9.—(P)—The Agriculture department today forecast this year's corn crop at 2,248,246,000 bushels and total wheat production at 760,623,000 bushels, compared with 2,415,998,000 bushels of corn and 726,644,000 bushels of wheat indicated a month ago.

Corn production was 2,619,137,000 bushels last year and the total wheat crop was 754,971,000 bushels. Average production of corn was 2,299,342,000 bushels in the 10 years 1929-38 and wheat was 754,685,000 bushels.

Winter wheat production this year was forecast at 555,539,000 bushels, compared with 525,990,000 bushels a month ago, 563,451,000 bushels last year and the 10 year average of 571,087,000 bushels.

All spring wheat this year was forecast at 204,784,000 bushels, compared with 204,684,000 a month ago, 191,540,000 last year and 183,619,000 the 10-year average.

Durum wheat was estimated at 34,179,000 bushels, compared with 34,884,000 a month ago, 34,360,000 last year, and 26,619,000 the 10-year average.

Oat production was put at 1,121,619,000 bushels, compared with 1,031,682,000 a month ago, 937,215,000 last year, and 1,024,852,000 the 10-year average.

A potato crop of 374,314,000 bushels was forecast, compared with 371,263,000 a month ago, 384,015,000 last year, and 386,949,000 the 10-year average.

The indicated production of other crops, with comparative figures for the forecast a month ago, last year's crop and the 10-year, 1929-38 average production, included:

Barley 269,812,000 bushels, compared with 267,377,000 a month ago, 276,298,000 last year and 225,496,000 the 10-year average; rye 31,452,000; 36,846,000; 38,246,000 and 40,068,000; buckwheat 5,993,000; blank; 8,739,000 and 7,417,000; grain sorghums 105,665,000; blank; 131,018,000 and 141,142,000; hay (dried) 83,363,000 tons; 86,000,000; 71,724,000 and 69,650,000; beans (dried) 14,869,000 bushels; 100 the 14,111,900; 13,862,000 and 11,094,000.

Apples (com'l. crop) 116,721,000 bu.; blank 143,088,000; and 121,755,000; peaches 52,200,000 bu.; 52,436,000; 60,832,000 and 52,732,000; pears 31,372,000 bu.; 31,240,000; 31,047,000 and 26,333,000; grapes 2,489,000 tons; 2,422,000; 2,526,000 and 2,200,000.

The acre yield of various crops indicated by Aug. 1 conditions, with comparative figures for last year and the 10-year average, included:

Corn 28.0 bushels per acre, compared with 26.5 last year and 23.2, the 10-year average; wheat (all) 14.4; 14.1 and 13.2; winter wheat 13.9; 14.0 and 14.3; spring wheat (all) 11.5; 12.1 and 10.4; durum wheat 10.3; 11.2 and 9.1; other spring wheat 11.8; 12.9 and 20.6; rye 12.1; 10.3 and 11.4; buckwheat 16.1; 15.1 and 15.8.

REVOKE PERMIT

New York, Aug. 9.—(P)—New York's state motor vehicle department today revoked the operator's permit, automobile registration certificate and license plates of Dr. Gerhard A. Westrick, German financial adviser in this country, after a hearing on charges that he made false statements in his application.

The revocation order came after Harold M. Oldis, chief engineer of the export department of the Texas Company, had testified that his firm bought and paid for a \$1,570 automobile for Dr. Westrick.

Oldis said he had aided the German official in obtaining his license at the request of the chairman of the board of the Texas company.

CHARGES FRAUD IN POOR RELIEF ADMINISTRATION

Recommends State- Wide Investigation By Officials

Springfield, Ill., Aug. 9.—(P)—A state-wide investigation of poor relief administration was recommended today by Attorney General John E. Cassidy, who asserted his investigators had found "a shocking state of dishonesty, fraud and official corruption in the local handling of relief in certain townships x x x."

In letters sent to every state's attorney in Illinois, the attorney general urged "a prompt and thorough investigation of the local administration of public relief x x x in every county of the state."

Cassidy promised necessary aid in prosecuting law violators and indicated that the county prosecutor reports would be submitted to the legislature next January to serve as a basis for a possible change in the present law, which authorizes township overseers to administer funds under direction of the Illinois Emergency Relief Commission.

"Investigation, grand jury action and criminal prosecutions recently conducted by members of my staff respecting the administration of public relief in some downstate counties have revealed a shocking state of dishonesty, fraud and official corruption in the local handling of relief in certain townships of those counties," Cassidy said in his letter.

"The facts show that public funds have been wasted, squandered or criminally misappropriated."

"A number of felony convictions have been obtained. Similar trials on pending indictments will begin in two other counties at an early date, and additional grand jury action is anticipated in still other counties."

The attorney general said investigation had been discovered in widely scattered areas downstate and added: "I believe it reasonable to wonder whether similar frauds are going on in still other counties and remain to be exposed."

Japanese Rightists Would Declare War

Tokyo, Aug. 9.—(P)—Bomei, Japanese news agency reported tonight that the small Rightist East Asia Association Toku Kyokai had handed a petition to leading members of the cabinet demanding an immediate declaration of war upon Britain because of the arrests of Japanese in Japan.

The newspaper Hoshi at the same time reported that 27 members of the Rotary Club at Shizuoka had decided upon dissolution of the club on the grounds it had been publicly suspected of espionage.

Japanese and foreign business men make up the Rotary membership in Japan.

The newspaper quoted Sometaro Shiba, general secretary of the Tokyo Rotary club, as saying that the system of the 47 Rotary Clubs in Japan and Manchukuo would be revised at a forthcoming convention in conformity with the new national structure of Japan and that dissolution would be necessary.

THREE KILLED

Louisville, Ky., Aug. 9.—(P)—A student pilot and two passengers were killed today when an airplane crashed near a Louisville golf course. The dead were identified as Fred H. Strobel, Jr., the pilot; Chester Lee Schweitzer, 31, and Leonard Miller, 19, all of Louisville.

AMBASSADOR REPRIMANDED CALLED HOME

John Cudahy Expected To Quit Diplomatic Service

Washington, Aug. 9.—(P)—Censured and called home for remarks he made about conditions in German-occupied Belgium, Ambassador John Cudahy was expected by his friends tonight to resign from the diplomatic service.

The state department, in a public statement, declared the remarks were made in "violation of standing instructions" and disclosed that President Roosevelt had "requested" the diplomat to return for "consultation."

Cudahy, ambassador to Belgium until foreign diplomatic missions were ordered out of there last month by Germany, drew sharp criticism in the British press for an interview in London in which he asserted that Belgium faced near-famine conditions by mid-September unless it received American food supplies.

This was widely interpreted as a hint that American food should be allowed through the British blockade. In commenting on the German occupation, he also was quoted as saying he thought German soldiers behave possibly "better than United States soldiers would have done."

Summer Welles, acting secretary of state, said he was sure "no one will question the sincerity of the ambassador's sympathetic interest in the future well-being of the Belgium people, an interest which is shared by the people of the United States."

Cudahy's return under fire was expected by friends of Cudahy here to result in his early resignation.

Before his departure from Belgium, there were reports he might resign to run for governor of Wisconsin. He is 52, a member of the Cudahy meat packing family, and a resident of Milwaukee where he was a lawyer and head of real estate companies until he became a diplomat in 1933.

Women Who Escaped From Reformatory Are Still At Liberty

Eleanor Jarman And Mary Foster Last Seen Near Morris, Ill.

Dwight, Ill., Aug. 9.—(P)—Two women who escaped from the Oakdale Women's Reformatory here yesterday eluded a heavy patrol of state and local police hunting them throughout this area today.

The fugitives were Mrs. Eleanor Jarman, the Chicago "Blonde Tigress" who with a man companion murdered a haberdasher in 1933, and Mary Foster, bank robber and thief.

They slipped out of their quarters in the handsome, modern cottage type reformatory sometime before lunch yesterday. They changed from their prison uniforms and obtained an automobile ride before their disappearance was discovered and a police trap set.

The last report of them came from a filling station operator at Shannah who said they stopped at his place briefly yesterday to rest and told him they were on their way to Joliet.

Earlier a Morris insurance man, W. I. Goode, reported he had picked them up ten miles north of Dwight on State Route 47 and drove them as far as the center of Morris, where he turned off the highway to go home. They continued north and last were seen in Morris on the north outskirt.

Goode, who identified pictures of the women at the reformatory last night, said they were dressed plainly, did not appear nervous and did not arouse his suspicions.

Two Workers Are Burned To Death

Chicago, Aug. 9.—(P)—Fire burst out in a cabinet factory today, burning to death two workers who were trapped on the fourth floor and causing damage estimated by Fire Marshal Michael Corrigan at \$50,000.

Thirty-four pieces of fire apparatus fought the blaze for an hour. When firemen were able to enter the smoking building they found the bodies of Henry Macky, 55, and Anthony Bajorek, about 40, between a stairway and a fire escape.

The factory, occupied by the Advance Cabinet Company, is situated at 2141 Iowa street, on the west side. Edward Gels, a finisher employed in the laquer room, said a short-circuited electric fan ignited fumes.

Joseph Roake, foreman of the finishing room, was seriously burned in an attempt to halt the racing flames. About 85 other employees left the building safely.

BRITISH CLAIM GERMANY'S AIR RAIDS COSTLY

Nazis Lose 60 Planes Against 16 For Britain

By THE ASSOCIATED PRESS
London, Aug. 9.—The German campaign of mass air attacks on these islands was declared by some British observers today to be costing the Nazis a great deal more in money, morale and Messerschmitts than the defenders.

This claim that air invasion is thus far a bankrupt strategy was put forward on the basis of an official checkup of the results of yesterday's raid by 400 German planes on English channel shipping.

For this, said the air ministry, was the score: German planes destroyed—60. British planes lost—15.

British shipping destroyed, both by air and the torpedo boat attack that ushered in the air assault, 5,039 tons. Seven ships in a convoy were acknowledged damaged, but all were declared taken to port.

The German score sheet was far different: Berlin claimed that 49 British planes were shot down and 72,000 tons of British shipping sunk.

From all this, unofficial commentators reached the conclusion that the net German loss in money was some \$2,000,000—aside from the far heavier German casualties reported here.

This is the way these observers cast up the balance sheet: German losses in planes \$3,072,000—24 dive bombers at \$120,000 apiece and 36 Messerschmitt fighter planes at \$82,000 apiece.

British losses in planes \$512,000—16 fighters at \$32,000 apiece. British losses in ships sunk or damaged \$500,000.

In addition, the British claimed at least 100 German airmen died, against 13 British fliers.

The Nazis returned today for scattered raids, and at least three of their bombers were reported shot down in the region of the northeast coast.

Damage was reported in several regions and there were "some casualties," the air ministry announced.

The crew of four of one raiding bomber shot into the sea leaped into a rubber boat and was captured. Meanwhile, word came tonight of British air blows struck last night, the ministry reported that docks at Hamburg, supply depots at Hamm, Soest and Cologne and several German airbases were bombed.

2 GUNMEN WHO KILLED WOMAN ARE CAPTURED

Pair Also Shot And Wounded Chief Of Police

Oilton, Okla., Aug. 9.—(P)—Two gunmen who officers said tossed the body of a red-haired young woman out of their automobile after wounding Police Chief Ben D. Clark were captured tonight at nearby Perkins.

Highway patrolmen Ralph Boyd and J. R. Butler said one of the bandits had been shot two or three times, apparently in a pistol-shootout duel with Oilton police and was in a critical condition. The other, not wounded, was jailed at Stillwater.

Boyd said the men gave their names as Bud Lovelace of Lincoln, Neb., and Bill Hall, a fugitive from the Oklahoma state penitentiary at McAlester. Papers found in a suitcase indicated the slain woman was a resident of Asher, Okla.

With the fugitives was Bill Gilpin of Drumright, whom they abducted near Oilton. Officers said Gilpin was taken to a hospital, but it could not be learned immediately whether he had been shot or beaten.

Police Chief Jack Ary of Drumright reported there were three men in the car during the fight with officers.

The body of the attractive, red clad young woman was found near the business district of this northeastern Oklahoma oil town a half hour after Clark was felled by gunshot blasts in the face and chest. He and Constable C. L. Irwin had sought to arrest the men as suspects in a robbery committed earlier in the day.

The officers answered the bandits' shotgun fire with pistol bullets. But as Clark fell, the gunmen sped away.

Police Chief Ary said it was evident the woman was slain by her companions, armed with shotguns. He said she was about 25, hairless and wearing short hose.

J. D. Harrier, Oilton undertaker, reported she was shot twice at close range with a shotgun, one charge entering her left thigh and the other her left breast.

"It looked like somebody put a shotgun against her body and pulled the trigger. Even some of the wadding was driven into the wounds."

Duke And Duchess Of Windsor Will Visit U. S. Soon

Both Talk Enthusiastically With Newspapermen At Bermuda

Hamilton, Bermuda, Aug. 9.—(P)—The Duke of Windsor, recalling that the Woolworth building was the tallest building in New York on his last visit, said today he would be back soon with his American-born duchess to see the sights.

Both the Duke and Duchess talked enthusiastically of their prospective visit to the United States, but they did not set the date. Presumably they will wait until after the Duke moves on to the Bahamas and gets acquainted with his new post as governor there.

"The Duchess hasn't been to the United States for eight years and I haven't been for 16 years, so it's certainly time we went," the Duke observed. "The last time I was there the Woolworth building was the highest in New York—that rather dates me."

The Duchess said she was anxious to go back to see the homefolks and that she was "excited" at being so close to home as Bermuda, adding: "You can imagine how thrilling it is."

The Duchess expressed keen anticipation at living in the Bahamas and laughingly put in a plug for the Caribbean winter playground by expressing the hope that "great many Americans" would visit there.

The royal couple, at their first interview since arriving yesterday aboard the American export liner Excalibur, constantly switched the subject to American topics.

They sat together on a divan in the spacious living room of Government House, exchanging amused whispers while reporter plied them with questions.

With American informality, they swapped small talk but steered clear of official topics. There was no hint when they might go to the Bahamas.

Senate Starts Debate On Conscription Bill

W. L. WILLKIE WILL MAKE NO COMMITMENTS

Refuses To Enter Into Any Agreements With Roosevelt

Colorado Springs, Aug. 9.—(P)—Wendell L. Willkie said today he had been asked by designated persons to make an agreement with the Roosevelt administration on foreign policies but that he had refused to "enter into advance commitments and understandings."

In a statement handed to reporters he asserted that President Roosevelt had declined upon his election in 1932 to make any agreements with former President Herbert Hoover.

While "much doubt was expressed" as to the wisdom of Mr. Roosevelt's position, Willkie continued, "none can doubt its correctness when taken by a candidate for president."

Earlier in the day the nominee said he had "no business connection of any kind in Wall Street or any place else" and that "it is true that I will be poorer when I get out of public office."

Willkie's statement regarding overtures for an agreement on foreign policies said:

"During the course of the last couple of weeks, several different persons have communicated with me, some frankly stating that they did not represent the administration, while others left their status in doubt."

"It was suggested by some of these that it was desired that I enter into certain commitments on specific proposals concerned with the foreign policy of the United States, provided the administration would take certain positions with reference thereto."

"On at least one occasion, there were press reports about such communications and I have just learned of another press report on the same subject."

In order that there may be no possible misinterpretation, I want to make my position quite clear. First of all, my general views on the foreign policy and vital interests of the United States in the present international situation are well known, having been stated by me publicly several times.

"As to specific executive or legislative proposals, I do not think it appropriate to enter into advance commitments and understandings."

"If the national administration, through any of its accredited representatives, publicly takes any given position with reference to our foreign policy, I may on appropriate public occasions comment thereon."

Willkie, after recalling Mr. Roosevelt's refusal to enter any agreements with Hoover, said that "at this time in the world's history when democratic government and method is in test we should be especially careful to keep alive the democratic process in arriving at governmental policies and acts."

"The chief executive and Congress must bear their appropriate responsibilities and the candidate for the presidency of the United States should reserve to himself an unhampered right of public discussion."

The nominee talked during the day with about 50 western Kansas editors. Asked whether he had any Wall Street connections, he made this statement:

"I occupy no business position and have no business connections of any kind in Wall Street or any place else. I do have a small investment in the company of which I was formerly the head."

"Without boasting, I think I am one of the few men ever nominated for president of the United States without a promise or obligation of any kind with anybody, either direct or indirect x x x."

"I think that situation is due to my own belief and character. It may be the fact that nobody thought I would be nominated. Anyway it is completely true. It is true today as the campaign opens and it will be true when the campaign closes."

REDUCES TAXES

Des Moines, Iowa, Aug. 9.—Gov. George A. Wilson today ordered that the Iowa property levy for state purposes be cut in two on taxes payable next year.

Property owners will pay one mill less on each \$1 valuation of approximately \$3,000,000 toward state government support in 1941, he said, compared with about \$6,000,000 under the present two-mill levy.

The Iowa state treasury reported a July 1 net cash balance of \$2,008,034, or \$2,175,802 above its position on the same date a year ago.

Campaign Book Will Be Sold By Democrats

Chairman Flynn Says It Will Carry Much Advertising

Washington, Aug. 9.—(P)—Edward J. Flynn of New York, the new Democratic national chairman, said today that the Democrats planned to sell a "campaign book" carrying "more advertisements than usual" because he knew of "no Hatch act provision against it at the time the book was started."

Grimming and chewing gum importunately, at a press conference, Flynn said the book, similar to previous ones, would sell for 25 cents and come out as usual.

Some one asked about the Hatch act's prohibitions, and both Flynn and Charles Michelson, Democratic publicity director, chimed in to say they knew of no such restrictions "at the time the book was started."

When reporters continued to question him, Flynn casually picked up a clipping and summarized a newspaper editorial which he said was printed August 2 in the Chicago Times stating that a committee in Elwood, Ind., was selling advertising at \$1,000 a page for a booklet to be distributed in connection with the certification ceremonies of Wendell L. Willkie, Republican presidential nominee.

Rep. Martin (R-Mass.), chairman of the Republican National Committee, said developments abroad had made conscription a "tragic necessity" for America. A larger army was needed at once, he said, to protect American interests in the western hemisphere. And he warned that any successful attack on the Panama Canal would make the American navy "helpless."

August's Not So Bad

It was an old tradition and long believed that when the corn was growing and tasseling, and earing, there was nothing for poor humans to do but wait for the midsummer heat and try to get some degree of consolation in the reflection "It's good for the corn."

That day is past along with many another time honored tradition or myth. Midsummer is no longer a season when the rural folk or the denizens of the towns in the corn belt must wait in unprotesting suffering of the heat.

Modern corn belt farmers find the month of August in some ways most interesting and gratifying of the summer season. In the first place, there is the family reunion. In this season family reunions blossom wherever there is a grove, or park, or piece of woods for shelter—and well laden tables of the bounties of nature to satisfy the inner man—and woman, and child.

Outdoor reunions used to be confined to meetings of "old settlers," or pioneers. That generation has passed away, but many families now have their annual get-together, now three to five generations of progeny meet and eat and enjoy sports. The auto age adds to facilities for such gatherings.

August also ushers in the season of county fairs, and these flourish today much the same as they did 50 years ago—minus the horse races. Instead, the farm youngsters of the 4-H clubs provide most of the entertainment and many of the exhibits.

And so, taking it one way and another, the people of the corn belt manage to get much fun and recreation out of the season which means most to the perfection of their principal crop—the royal corn.

Gulls Forecast Raids

Sometimes animal instinct seems to be a better guide than the supposed reasoning power of man. A writer from England cites an instance of this in the present warlike conditions.

Alert guards are maintained all along the English coast to forestall the onslaught of bombing planes, or the long expected actual invasion of England. These military forces must depend upon their natural or scientific means of anticipating an attack.

But the seagulls, common birds of flight over the oceans and coastal regions, don't need any sirens to sound an alarm for them, this writer says. Just before any appearance of dive bombers or other engines of war along the coast, the seagulls with one accord put out to sea—out of the perils of the district where the bombers are to work.

When the attack is over, the gulls come back to land again. How they find out beforehand when the bombers are coming, is something the English intelligence service might try to discover.

Our Greatest Ship

Ship building has never been a major business in this country, strangely enough, and we have never made any pretense of competing with other nations for the "biggest" ships. So the celebration in New York harbor in honor of the new liner, America, built by the United States Lines with the aid of liberal subsidies by the government's Maritime Commission, was owing only in part to the fact that this was the biggest, fastest and most expensive commercial vessel ever built in this country. It was more a reminder of the nation's need of first class ships at this time of war abroad, and the importance of a merchant marine as a possible auxiliary to the Navy.

The America with its 723 feet in length, is a modest boat in size, compared to the Queen Elizabeth, with its 1,030 feet, and the Normandie, with its 981 feet, and the Queen Mary, with its 975 feet. Her tonnage is scarcely half that of her bigger rivals. She will, however, accommodate 1,214 passengers and a crew of 639 and has a normal speed of 22 knots. In luxurious equipment and in modern mechanical conveniences she is described as unsurpassed.

The country is naturally elated by the addition of this fine ship to its merchant marine. Her cost was \$17,500,000, and she has been virtually two years in building. It takes two years to create a giant of this kind and a fortune to finance it. A torpedo can wipe it all out of existence in a moment. Looking at the American and contrasting it with what has happened to numberless vessels abroad, one gets a sudden vivid sense of the terrific waste of war.

Letter From New York

By ELEANOR OLIMSTEAD MILLER

From the battery to Fort Tryon, New York parks offer an interesting ground for a first hand study of Social Psychology.

Bowling Green is a little triangular park near the Battery, just beyond the Customs House. The Dutch used to have their markets there. But today it serves as a place of memory for those few who stop to remember and as a place for a few sleepy old men on its benches.

Washington Square is at the edge Greenwich Village and borders by New York University buildings. Here it is said that poets sell their wares for five cents a poem, and students come to rest between classes, while barefooted children swarm about the fountain.

In Union Square the orators abound, telling each other and anyone who will listen how they think the universe should be run. Just a few blocks away at 20th St. is Gramercy Park, which is locked to the public. Residents around the square have keys which they unlock the iron gates and sit comfortably under the trees. Union Square was crowded; Gramercy Park almost empty.

Central Park with its two and a

half miles of green, its zoo, the lake with its row boats, places for all other kinds of recreation, was crowded with parents and children. Other smaller parks, and there are many more of them than I can mention or have seen, but similar to Carl Schurz Park at 28th Street and the East River, offer similar playgrounds, although without the zoo.

Riverside Parkway, stretching for miles along the Hudson is filled with quieter groups, men reading, women knitting, children wheeled about or playing under the watchful eyes of nurse maids.

From my window I can look down the steep bank into Morningside Park, a sheer drop of many feet down the bluff from Morningside Drive. Then farther north is the quiet beauty of Fort Tryon Park, about which we have told before.

Sunday afternoon in the Park. Yes, but which Park?

Eleanor Olmstead Miller.

Illinois' General Revenue Fund Put At \$13,359,280.80

Seasonal Spurt in License Fee Collections Causes Rise in Amount

Springfield, Ill., Aug. 9.—(AP)—A seasonal spurt of license fee collections during the past month raised the balance in Illinois' general revenue fund to \$13,359,280.80 at the close of business on July 31, the treasurer's office reported today.

The state's general operating balance showed a gain of \$3,965,831.89 from its position at the end of June when the fund totaled \$9,393,448.91. Money in the general fund balance has increased each month since April 30 when the amount reached a low of \$4,960,398.87.

Notable factors in swelling collections last month were insurance fees and liquor license collections which fall due at the beginning of the state's fiscal year.

State fiscal experts said they were hopeful that there would continue to be sufficient cash on hand with which to carry on until after the 62nd General Assembly convenes next January.

The state's financial condition was investigated by legislators during the recent special session when concern was expressed over whether the increased old age assistance could be met without additional revenue.

The maximum amount of individual old age assistance awards was raised from \$30 to \$40 a month in June. The monthly total of old age assistance payments had been rising steadily prior to raising of the award limit. However, the increase in assistance payments made last month over those of June was approximately \$35,000—less than welfare officials had anticipated.

While the general fund was expected to decline considerably during the next few months, statisticians pointed out motor fuel tax and sales tax collections have increased in volume, the former establishing a new high of \$4,389,271 last month. Occupational tax collections for July were \$5,551,390.

The Wesley Chapel Community club met Wednesday night at the Wesley Chapel church east of the city, with Mr. and Mrs. Otto Hallett, Mr. and Mrs. Norman Davis and Mrs. Virginia L. Davis as hostesses. Mrs. Ward Hull gave a reading. Joyce Brannan played a piano solo, and Hillary and Sallie Mae Hallett each gave a reading. The committee served watermelons.

Mrs. Ennie Tunison entertained the Women's Missionary society of the Methodist church at her home on Wednesday afternoon.

Church to Receive Portion of Estate Of Miss Mary Reed

Catholic Church Societies Named for Bequests In Will Filed Here

Several cash bequests to Catholic institutions and individuals totaling several thousand dollars were made in the will of the late Miss Mary Reed of this city, which has been filed at the office of County Clerk Douglas. Miss Reed was for a number of years employed at the Illinois School for the Blind.

Miss Reed bequeathed \$500 to the society of which she was president for Catholic children at the Illinois School for the Blind. She left \$1,000 to the Church of Our Saviour and \$5,000 to the Diocesan Society for Propagation of Faith, 324 East Lawrence avenue, Springfield.

In the opening paragraphs of her will Miss Reed left certain articles of personal property to Helen M. Sweeney and Johanna Crowley of this city and Sarah A. Blumer of St. Paul, Minn. She directed her executor to sell the remainder of her personal property.

From the proceeds \$100 was left to Sarah A. Blumer for care of a cemetery lot at Pine Island, Minn., where the testatrix is buried; \$500 to Johanna Crowley; \$500 to Mayme Heffernan.

The executor is directed to sell real estate and divide the proceeds between Mary Bradshaw, Kimball, S. D.; Harriet E. Fritz and Sarah A. Blumer, St. Paul, Minn.; and Dr. Michael Moran of Platte, S. D.

Rev. Father Francis F. Forman is named as executor of the will, which bears the date of July 17, 1940. Witnesses to the signature were Marjorie Jewsbury, Frances McGinnis and R. E. Harmon.

Dodgers Blank Boston Bees, 1-0

Boston, Aug. 9.—(AP)—Whitlow Wyatt, rapidly rounding into one of the National League's brightest pitching stars, shut out the Boston Bees 1-0 today for the Brooklyn Dodgers, getting a single and scoring the winning run himself.

Each of the teams had won four consecutive games before they collided today and the battle they put up was a stirring one.

Wyatt allowed only four hits and struck out seven batters, including slugger Chet Ross three times in a row. He never let a runner get past second and only one got that far. It was the 30-year-old right-hander's second straight shutout and 12th victory of the season against nine defeats.

Dick Erickson, the promising rookie who opposed Wyatt, allowed only eight hits and blanked the Dodgers until the eighth, when Wyatt, Dixie Walker and Babe Phelps bunched singles in a small but effective rally.

PIRATES TRIM CUBS

Pittsburgh, Aug. 9.—(AP)—The Pittsburgh Pirates tonight ran their string of victories to eight straight, beating Chicago 6 to 2 and climbing over the Cubs into the first division behind the four hit hurling of Truett (Rip) Sewell. It was Rip's tenth triumph against two defeats.

Vince DiMaggio started the Buccos off to victory in the second frame, hitting his 11th homer of the season off Ken Raffensberger behind Elbie Fletcher's double.

By the time Bill Nicholson connected with his 19th four-base smash in the seventh, after Jimmy Gleason had tripled, the Pirates already had added two more runs and for good measure they scored another pair in the eighth.

Sewell was in rare form, facing but 30 men. Double plays erased the two Cubs who singled.

DiMaggio had a perfect day at bat.

Yankees Shutout Athletics, 2 to 0

New York, Aug. 9.—(AP)—Red Ruffing and Steve Sundra collaborated in a two-hit pitching spectacle today to give the world champion New York Yankees a 2 to 0 triumph over the Philadelphia Athletics.

Ruffing started, but pulled a muscle in his left leg and retired from the game with one out in the third inning.

When Ruffing gave up, Manager Joe McCarthy called on Steve Sundra, who won 11 and lost one last year but hadn't been able to achieve a single victory this season. Sundra proceeded to surprise everybody by shutting out the A's for the remainder of the game on one other hit, a single by Dick Siebert at the start of the fourth.

 Shanghai, Aug. 9.—Withdrawal of British troops from Chinese soil, announced today, will leave Shanghai's International defense forces, including about 1,000 United States Marines, under the formal command of a Japanese read army.

American authorities refused to discuss possible developments. Theoretically at least, Rear Admiral Moriji Takeda, commander of the Japanese bluejacket garrison, could station his men in the British defense sector of the International settlement.

This includes the important central district of the settlement and the residential "extra-settlement" western area where thousands of foreigners live, including Americans.

In a formal sense at least, as matters now stand, Takeda would direct the disposition of the armed forces, including the fourth regiment of United States Marines, as ranking officer of those left in representation of foreign powers interested in the complex Shanghai community.

The British had preserved this command by posting a major-general, Frank Simons, but he will go with the British troops being moved to Hongkong or Singapore in accordance with British defense needs—as the move was explained both here and in London.

The American Marine commander is Colonel Dewitt Peck.

Witnesses Will Be Subpoenaed

Springfield, Ill., Aug. 9.—(AP)—Subpoenas for the first witnesses in the federal government's grand jury investigation of an alleged political slush fund created by three utility companies may be issued next week after conferences with federal investigators, U. S. District Attorney Howard L. Doyle said today.

Doyle said subpoenas had been withheld until after conferences next week with O. John Rogge, assistant attorney general in charge of the criminal division, who will come from Washington to supervise the prosecution.

The justice department in Washington announced that grand juries in Springfield, St. Louis and Des Moines, Ia., would investigate "investigations" that the Illinois-Texas Power Company, Union Electric Company and Missouri Power and Light Company used a secret slush fund "to make contributions to candidates for election to federal and state offices."

The 23-man grand jury will be impaneled here next Monday, but consideration of the Utilities Company case will not begin until Aug. 26, Doyle said.

ATTACK IMMINENT

Vichy, France, Aug. 9.—(AP)—The controlled French press concluded today that a mass German attack upon Britain was imminent.

Telephone service to Switzerland from that part of France not occupied by German soldiers has been suspended since yesterday.

The newspaper Le Temps, now published in nearby Clermont-Ferrand, says German preparations on the French and Belgian coasts indicate an embarkment of troops for England will be attempted—if not at once at least after airplanes have cleared the way.

FUNERAL OF THOMAS CRIGHTON SATURDAY

Funeral services for Thomas P. Crighton will be held at Fairfield, Ill., Saturday afternoon at 2 o'clock. The services will be conducted by C. S. Smith of this city.

TO CHICAGO

Miss Margaret Hicks of North Fayette street is spending this week visiting Miss Betty Bennett of Danville and relatives in Chicago.

Technologists figure that 3,400 bombing planes consume about 385,000 gallons of gasoline per hour, and that 1,500 pursuit planes consume 180,000 gallons per hour.

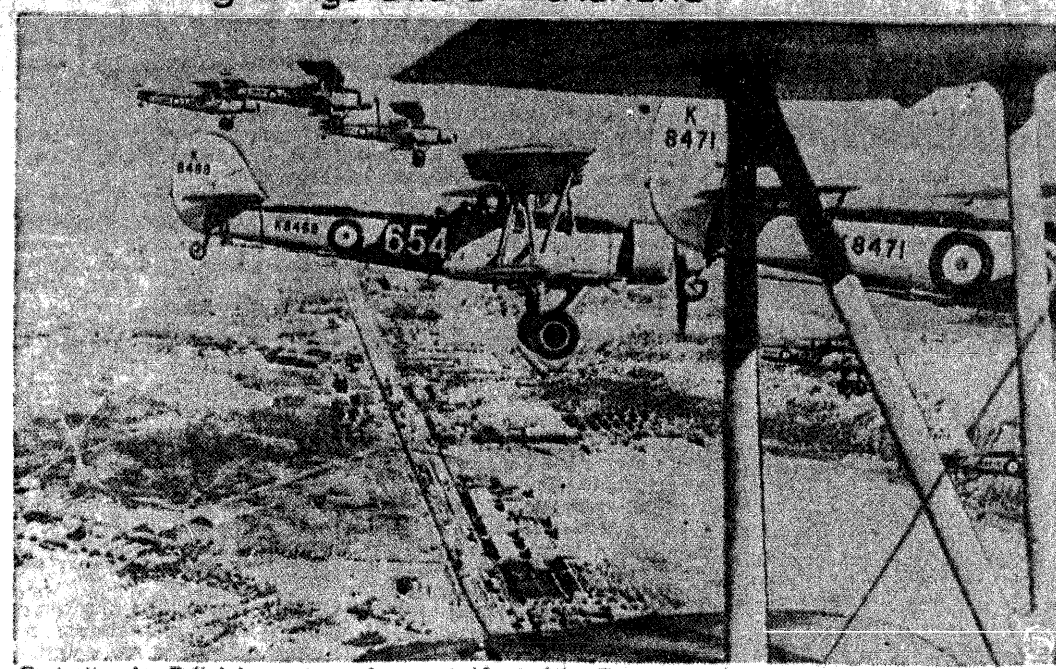

ENTERS HOSPITAL

S. W. Hadden of Monroe Center, Illinois, who has been at the home of his daughter, Mrs. Orval E. Cox, was taken to the Springfield hospital Thursday for surgical treatment. Prior to January of this year Mr. Hadden was a resident of Murreysville for fifty-five years.

Airplane Contracts Held Back

Uncertainty Over Tax Legislation Claimed is Delaying Signing; Seek to Iron Out Difficulties

IS HUGE PROJECT

Washington, Aug. 9.—(AP) Secretary Stimson reported today that the army had been able to sign contracts for only 33 of 4,000 planes appropriated during June, "chiefly" because of uncertainties over tax legislation.

The War Department chief told a congressional subcommittee that "the fact" for such a limited number of plane contracts was not with the army and that "so far as I am aware" there had been no undue delay in the preparation of the army's specifications and designs.

The fault has not been with the defense advisory commission, he said, and "the representatives of industry have been earnest" in a desire to cooperate with defense agencies.

"The fact is," Stimson said, "we have all been facing a difficult problem with an earnest effort to cooperate."

Is Huge Project

"That problem arises in a large part from the fact that the entire program of airplane construction is so large that it necessarily involves a great expansion of existing plant facilities and the construction of new ones to meet the requirements of our army in the present emergency."

He added that risks were "inherent" in any business enterprise and that industry might be expected to undertake "normal risks."

"But the risk to industry of underestimating at the request of the government, to expand at its own expense its plant capacity, and then being left, upon a sudden cessation of the emergency with these expanded facilities useless," Stimson continued, "is one that is entitled to special consideration."

"Under these circumstances, the certainty of future taxation affected by this expanded construction not only fails to give the special consideration above mentioned but penalizes the situation."

West Virginia To Battle Paralysis

Health Forces Join to Combat Disease as One Fatality is Reported

Huntington, W. Va., Aug. 9.—(AP)—State and city health officers tonight redoubled efforts to curb a possible general outbreak of infantile paralysis in this Ohio valley area, as the first fatality attributed to the malady was reported.

More than 40 cases of infantile paralysis have been reported in southern West Virginia, southern Ohio and eastern Kentucky in the past two weeks, 26 of them in Huntington. Two year-old Delores Maynard, stricken yesterday, died today after nine hours in an iron lung.

R. D. Higgins, Boyd county health director, reports two cases in Gallatinburg, Ky., and one in Ashland, Ky., while Portsmouth, O., reported 10 and Ironton, O., one.

Dr. W. W. Strange, Huntington health officer, discounted fears of a general epidemic, although admitting the situation was "serious." Churches have suspended Sunday school services and parks and theaters have been closed to children under a voluntary quarantine.

REAR ADMIRAL GOES ON LIMITED SERVICE

Chicago, Aug. 9.—(AP)—Real Admiral William Carleton Watts was detached from service today as commandant of the Ninth Naval District and commanding officer of the Great Lakes, Ill., Naval Training Station. Ill health was given as the reason.

Rear Admiral Watts, who is 60 years old, assumed command at the station on Aug. 26, 1938. With his wife, Julia, he will leave next Monday. He expects to be placed on the retired officers' list.

Pending appointment of a successor, the station will be under the command of Capt. E. A. Woolson, chief of staff of the Ninth Naval district.

New York Stock Market

New York, Aug. 9.—(P)—Stocks tried a rallying sortie in today's market but most were unable to hold ground gained in an early push.

Recoveries of fractions to around two points were noted for favored steel, motors and specialties in the first hour when activity was the best of the day. Both volume and prices began to fade after mid-day and, at the close, advances for many issues were all but erased. Transfers were around 300,000 shares.

Brokerage opinion was that the news had little to do with the initial flurry which pulled the list out of the rut in which it had been floundering all week. Technical influences, it was explained, provided the main stimulant. The fact that volume yesterday dried up to the second smallest in 22 years led some speculative forces to conclude that lack of offerings meant a solid-out condition which could result in at least a temporary comeback.

Well in front in the forenoon—some eventually slipped—were U. S. Steel, Bethlehem, Youngstown, General Motors, Chrysler, Sears Roebuck, United Aircraft, Anaconda, American Telephone, American Car & Foundry, Baldwin Locomotive, Allied Chemical, Eastman Kodak, and Allis-Chalmers.

Carrier and industrial loans were favored in the bond department. Commodities were irregular. Wheat at Chicago was off 1/2 of a cent a bushel to up as much. Corn was 1/2 lower to 1/4 higher. Cotton, in late transactions, was unchanged to down 20 cents a bale.

Hog Prices Up
5 to 10 Cents

Chicago, Aug. 9.—(P)—Active trading and higher prices marked today's livestock market as a 5 to 10 cent advance lifted the hog top to \$8.85, cattle moved strong to 25 cents higher, and spring lambs were 25 to 40 cents up.

The advance fell on weights of 240 pounds down, while heavier butchers were steady to 10 cents lower and hogs showed little change. Sharing the advance, best wholesale pork loins were lifted to 20 cents a pound. Receipts totaled 11,500 head with 3,500 direct to packers. Shippers took 2,500 and 500 were held over.

All killing classes of cattle were strong to 25 cents higher and fully 25 to 50 cents over the previous week's level. Steers, cows and heifers showed the greatest advance. Today's market was a forced affair due to the scarcity accompanied by the broad demand on both local and outside accounts. The best steer price was \$11.25 and fed heifers were quoted at \$10.25. Best veal was \$10.50.

Absence of western range lambs again today marked this seventh consecutive session in which spring lambs have advanced. Bulk natives straight or lightly sorted were \$9.50 to \$9.75 with a few decks at \$10.

Tractor Fuel Tests
Set for Rees Meet

Morgan Farmers Used 1,400 Tractors in 1939, Spent \$190,000 for Fuel

Twenty million dollars worth of motor fuel may seem like an order for war supplies but that is the amount Illinois farmers spent for tractor fuel in 1939. This is the estimate given by engineers from the Department of Agricultural Engineering, University of Illinois College of Agriculture. From a farm tractor survey, taken as a part of the 28 tractor schools held during the winter months, information was secured from the operators of 594 tractors. These tractors burned an average of 1,200 gallons of fuel a year, and the average fuel cost was slightly under 12c a gallon, making the average annual fuel bill \$138.00. Multiplying this by the 147,000 tractors on Illinois farms one gets the astounding figure of 20,000,000 dollars.

Applying these same records to Morgan county farms, where over 1,400 tractors were used last year, if the average fuel was \$138.00 Morgan county farms spent over \$190,000 for tractor fuel.

Full explanation of how to properly set tractor carburetors, and the importance of this adjustment, will be given at demonstrations by J. W. Martin and R. C. Hay of the Department of Agricultural Engineering at the Rees Plowing Match on August 14. Demonstrations will be given four times during the day. Equipment used for making the demonstrations is supplied by the Department of Agricultural Engineering and tests will be run on a tractor supplied locally.

There once was a man named Curtis Kent,
Whose wife never read an advertisement;

Mr. Kent said, "My dear,
You are foolish, I fear,"

Not to read the advertisements and thus learn where to look for the best values when you go shopping"; but his wife was not quite bright and she never did find out what Curtis meant!

The last line got slightly out of hand. But the point is, INTELLIGENT women read the advertisements and thus save weary footsteps and precious pennies every day, by shopping at the right places at the right times!

STORIES IN STAMPS

Clippers Ruled Seas For Glorious Decade

THE Yankee Clippers were the steamships of 1850. They filled a need for speed to link Atlantic and Pacific and when that demand slackened, the Clipper gave way to heavier, slower cargo ships. The Clipper is preserved for philately on the U. S. 20-cent stamp above, showing the Clipper "China Bird" in San Francisco's Golden Gate.

The California gold rush in 1849 launched the Clipper fleet. California had money, needed supplies. There was a premium on speed. The fastest ship made the most profit. The China tea trade also paid for speed, as did the Australian gold rush.

The Clippers were the racers of the sailing fleet. They lowered sailing time from New York to San Francisco from 130 days to 100; some of them made the trip in 90 days. The ships were long and slim, with tall masts carrying all the sail a daring captain could put on.

Within 10 years, however, the era of the Clipper was ended, leaving only their achievements as one of the most brilliant chapters in U. S. maritime history.

SERIAL STORY

SUMMER THEATER

BY MILDRED WILLIAMS

COPYRIGHT, 1940, ICA SERVICE, INC.

YESTERDAY: Molly has gone driving with Masters when Johnny sets up, so he spends the day with Jean. Jean suggests that Molly may be asking the camera to get Masters' help. Molly returns with a signed contract. When Johnny demands the camera, she remembers that she left it in the dressing room.

CHAPTER XI

JOHNNY REGAN could hardly believe what Molly Travers was saying.

"You just remembered that you left the camera in the dressing room!" he repeated after her. "How could you forget it if it meant as much to you as you said it did?"

Molly reached over and put her hand on his arm as if trying to quiet him. "Don't be cross, Johnny. I've been afraid to tell you. That's why I went off to Dennis. I guess..."

Johnny lifted her hand away. He didn't want to be confused by any contact with her. He wanted to think clearly.

"Am I to take that as meaning you've just put me on an act? You've known for some time that the camera was lost?" He was almost shouting.

Molly began to weep softly. "Oh, Johnny, you make me feel perfectly terrible. I'll buy another one, or pay her for it. I'll have a job, and I'll work awfully hard."

She came to him, put her arms around him in a gesture he knew so well. He threw her away from him, and buried his face in his hands.

"And Jean had decided to give it to us for a wedding gift," he said to himself rather than to her. "Why, Johnny, why didn't you say so?" Molly exclaimed happily. "Then it was mine all the time. That makes it all right, can't you see?"

That was Molly's reasoning, all right. She was so damnably logical when it came to seeing things her way.

"She need never know it's lost. I'll thank her for it, and she won't see it any more. Why, nobody ever complains when you lose something that's your own," she hurried on, trying to make him understand.

"It wasn't yours when you lost it, and I'd planned to give it back anyway. You were supposed to be marrying me, not the camera. And now that the marriage is postponed, you'll have to tell Jean Reynolds right away that you've lost the most valuable piece of jewelry you ever laid your hands on."

Molly drew herself up to her full height. She was ice, hard and frozen ice. Her voice chilled Johnny.

"He must know before he told Jean. He stuffed her pocket-book in his blouse, and for the three times that day found himself at 43 Cottage street asking for Miss Travers."

"I thought you'd come back and apologize," Molly said when she saw him. "I'm terribly hurt that you'd think so badly of me."

"How about your conscience? Was it hurt enough to call Jean?" "Oh, darling," Molly was exas-

HERE is a pleasant little game that will give you a message every day. It is a numerical puzzle designed to spell out your fortune. Count the letters in your first name. If the number of letters is 6 or more, subtract 4. If the number is less than 6, add 3. The result is your key number. Start at the upper left-hand corner of the rectangle and check every one of your key numbers, left to right. Then read the message the letters under the checked figures give you.

Miss Lila McDaniels Of This City Crowned Queen of County Fair

Miss Lila McDaniels of Jacksonville was crowned queen of the Morgan County fair for 1940 during the concluding ceremonies of the twentieth fair last night. The coronation program was held in front of the grandstand on the fair grounds preceding the final horse show of the week.

Miss Jean Drury of near Alexander, 1939 Morgan County Fair queen, officiated in the ceremonies, placing the crown and sash upon Miss McDaniels.

Concluding Event At Morgan Fair Is Night Horse Show

Final Event of Week Largely
Attended Despite Threatening Weather

The society horse show at the fairgrounds last night was the concluding event of the twentieth Morgan County Fair. The fair program was interrupted Thursday afternoon by the thunder showers, and the weather was threatening throughout the final day turning into a light misty rain for the evening program.

The final horse show was largely attended, however, and was well received by a large audience that braved the cloudy weather to participate in the concluding evening of the county fair.

Officials who have conducted the horse shows during the week are Henry Lyons of Springfield, judge; William T. Hudson of Jacksonville, superintendent; Milton Birdsell of Jacksonville, pony superintendent; James Doyle of Roodhouse, caller.

Ed Johnson of Jacksonville handled the announcing for the evening programs. The sound equipment was in charge of Ken Penny of Jacksonville.

Final Horse Show
The first class of the final horse show of the fair was the hackney pair, with four brilliant entries. First ribbon was presented to Cassius Lady Edith and Cassius Lady Quality of the Seldom Idle Farms of Hammond, Indiana, driven by M. G. Sprout. Second honors went to Supreme and Superb, also of the Seldom Idle Farms, driven by Mrs. M. G. Sprout. Third award went to Ebony Princess and Midnight Miss of the Egghoff Farms of Jacksonville, driven by Mr. Egghoff.

In the second class of the evening, the roadster horsemanship class, the large audience which braved the threatening weather, gave an ovation to the winner, George Peak of Winchester, driving Grand Duchess of the Ivan Gray stables of Litchfield. Star Dust of the Joe Althoff stables of St. Louis won second ribbon with A. G. Smith as driver. Beau Guy of the Beaux Chevaux stables of Belleville, Ill., driven by Mike Whitaker, received third. Grand Parade, owned and driven by Ivan Gray of Litchfield, took fourth. Fifth ribbon went to Joe Harvester, owned and driven by Floyd Kugler of Table Grove, Illinois.

Cacheta, a Shetland owned by T. L. Hughes of Jacksonville and driven by Mrs. Hughes, received the title of grand champion Shetland of the 1940 Morgan County Fair, in the next class of the evening, taking first in the Shetland championship. Second honors were taken by Sybil, owned by Frank E. Schlatter of Whiting, Indiana, and driven by Ethel Bunnell. In third place was Orchid in the Moonlight, owned and driven by H. E. Jones of Waverly. Colony Color of the Egghoff Pony Farms of Jacksonville, driven by Mrs. Roy Egghoff, received fourth ribbon. Cassius Lady, owned by T. L. Hughes of Jacksonville and driven by Mrs. Hughes, was awarded fifth ribbon. In sixth place was Flashing Flame, owned by H. E. Jones of Waverly and driven by Miss Kinsler.

3-Gaited Champ
Carlotta, a beautiful three-gaited saddle horse, owned and ridden by Louis B. Robinson of Springfield, won the title of Morgan County three-gaited champion for 1940. Carlotta was given the honor when she won first ribbon in the 3-gaited championship class. Taking second ribbon was Sassy Miss owned and ridden by Mrs. G. G. Gillespie of Quincy. Marjorie of the Beaux Chevaux stables of Belleville, ridden by L. R. McKinley, was given third award. Fourth ribbon went to Sam Mangrum, owned by Dr. J. T. Yates of Springfield and ridden by Russell Lynn. Julie Logan, owned and ridden by Mrs. Clifford Blunk, took fifth honors. In sixth place was Pride of Pastime, owned and ridden by G. G. Gillespie of Quincy.

Supreme, owned by the Seldom Idle Farms of Hammond, Indiana, driven by Ethel Bunnell, won first in the hackney single with lady driver class. Second ribbon went to Superb, also of the Seldom Idle Farms, driven by Mrs. M. G. Sprout. Third honors went to Parkside Surprise, owned and driven by H. E. Jones of Waverly. Fourth ribbons went to Ebony Princess of the Egghoff Pony Farms of Jacksonville, driven by Mrs. W. T. Hudson. Midnight Miss, also of the Egghoff farms, driven by Mrs. Roy Egghoff, received fifth.

In the five-gaited championship class, the title of grand champion five-gaited show horse went to Sweet Leland, owned by Carolyn Elshoff of Springfield and ridden by Ethel Bunnell. Second ribbon went to Royal Canadian, owned by the Waunesa Farms of Kewanee and ridden by Max M. Parkinson. In third place was Big Parade, owned by Dr. J. T. Yates and driven by Russell Lynn. Give Scholarships To 3 In Morgan

Awards Made On Basis Of
Competitive Exams
In County

Urbana-Champaign, Ill., Aug. 9.—Scholarships in the University of Illinois have been won by three persons from Morgan county, according to an announcement today. Each scholarship exempts the holder from payment of the matriculation fee and from payment of incidental fees for four years.

Every county of the state is entitled to one Home Economics, one Agriculture, and one county scholarship in the university. These are awarded on the basis of competitive examinations which are held the first Saturday in June in the offices of the various superintendents of schools.

When a scholarship is unclaimed in a county because no candidate qualifies or because none seeks the scholarship, it may be awarded to a candidate from another county. These additional winners are chosen from students ranking below first in their own county, but showing high ability in the subjects for the state as a whole.

The scholarships announced for Morgan county are:
Home Economics—Wilda Frances Quinn, Murraysville.
Agriculture—Howard Jackson Stevenson, R. R. No. 1, Jacksonville.
County—Dorothy D. Duerer, R. R. No. 2, Waverly.

WESTMINSTER GROUP HAS ANNUAL PICNIC AT NICHOLS PARK

In spite of the deluge of rain Thursday afternoon a large crowd of Westminster church members and friends attended the annual picnic of the Sunday school and church in the pavilion at Nichols park. Between showers the men and boys enjoyed some lively games of horse shoes and softball.

The captains of the ball teams were Walter Babjohns, Jr., and Philip Heneghan. W. C. Meeker acted as umpire, and Miss Roselee Silbert was score-keeper.

Mrs. C. B. Massey was in charge of the tables, assisted by a large corps of women workers. All were served cafeteria style with the bountiful provisions, topped off with cake and home-made ices. C. B. Padgett and Walter Babjohns, Sr., served the water and ice cream.

Among the out-of-town guests were Oliver Joiner, Carlville, Miss Clara Turvance, Lincoln, Joseph Shearer and Gus Selwig, Chicago.

KEITH PEABODY WILL TEACH AT RIDGEFARM

BLOOD TEST LAW

Philadelphia, Aug. 9.—(AP)—Pennsylvania's new pre-marital blood test law, effective May 17, is driving an increasing number of couples to border states, particularly Delaware and Maryland.

Wilmington, Del., is taking on the aspects of a Gretna Green. In Maryland, Hagerstrom has noticed a slight increase and the same is expected at Cumberland and Elkton.

Like similar to Pennsylvania's are in force in New York, New Jersey and West Virginia—and altar-bound Pennsylvanians are unable to escape either from the tests or the accompanying fees in these states.

PLEASANT VISIT

AUTO ACCIDENT

Two cars were slightly damaged in an accident on West State street near the high school here last night. The accident occurred when the car said to have been driven by Renal Wright of Litchfield collided with a parked car owned by Clayton Barnard of Roodhouse.

Pony, Bicycle, Mule Races, Horse Show On Friday's Program

The afternoon program in front of the grandstand on the closing day of the twentieth Morgan County fair included a society horse show, a bicycle race, pony races and a free-for-all mule race. Miss Wilma Smith rode her sorrel pony to victory in the championship pony race to make her record for the 1940 fair an unbroken list of wins.

The society horse show, scheduled for Thursday evening but rained out, was included with the regular events of the afternoon. Seven classes were shown during the horse show program. The climaxing event of the show was the hackney grand championship, won by Superb, a hackney pony owned by the Seldom Idle Farm of Hammond, Indiana, and driven by Mrs. M. G. Sprout.

In the grand champion pony race Wilma Smith took first honors by two lengths over LeRoy Robinson, who placed second. Other winners were Dale Bourn, third, Dean Strubbe, fourth, and Bob Kehl, fifth.

Beaumont Kumble of Alexander was the victor in the bicycle race, piloting his vehicle through a half mile of muddy track to lead Charles Proffitt of Jacksonville, who placed second, and Robert Allen Patterson, also of this city, who finished third.

Opening Pony Race
Warren Lee Hudson took first in the opening pony race of the day, with Juddie Negus second, and Freddie Killam, third. Wilma Smith entered and won the next race, with Russell Morris finishing second and Dale Kershaw third.

In the half-mile pony race Russell Morris finished ahead of the field, with Wayne Kolberer second and Dale Kershaw third.

But the most enthusiastically applauded events of the afternoon was the mule race. Most of the six entries made the half-mile route, though one animal ignored all the lashings administered by its rider and took it easy all the way. Allen Weghoff wielded a determined lash, and his steed made the finish line a few inches ahead of Lyle Low. Hilding Mattson placed third.

Professional acts were also presented to the audience and music was furnished by the Future Farmers of America state string band.

A short talk was given by Merle Emerick of Springfield, who explained the system of state grants to county fairs. He stressed the importance of community support, declaring it essential to the success of the fair.

The work of H. Clark Stevenson, chairman of the fair executive committee, and Harold Kamm, chairman of the entertainment committee of the association, was recognized during the afternoon program.

Muddy Track
Hampered by a muddy track and threatening weather, the afternoon horse show was nevertheless well-attended and enthusiastically received.

The first class shown was the Shetland pair with six colorful entries. The small, well-groomed ponies, gayly decorated, drew repeated applause as they circled the show ring. First place went to Civil and Sydney, owned and driven by Frank E. Schlatter of Whiting, Indiana.

Second ribbon went to Coreta and Cacheta, owned by T. L. Hughes of Jacksonville and driven by Mrs. Hughes. A Shetland pair owned by the Egghoff Pony Farms of Jacksonville received the third place ribbon. They were driven by Mrs. Roy Egghoff. Meadow Lark and Sky Lark, also of the Egghoff Farms, received fourth honors. They were driven by R. H. Stone. Audacious and Filtracous, owned by H. E. Jones of Waverly and driven by Ivan Gray of Litchfield.

The second class was the three-gaited with a lady driver, displaying six excellent entries. First ribbon went to Miss Ethel Bunnell, riding Carlotta, owned by Louis B. Robinson of Springfield. Second ribbon went to Sassy Miss, owned and ridden by Mrs. G. G. Gillespie of Quincy. Marjorie of the Beaux Chevaux stables of Belleville, ridden by L. R. McKinley, won third. Sam Mangrum, owned by Dr. J. T. Yates of Springfield and ridden by Miss Nancy Jones, won fourth place in the judging. Fifth award was taken by Julie Logan, owned and ridden by Mrs. Clifford Blunk of Springfield.

The roadster with appointments class was well received by the grandstand, the five entries displaying speed and daring on the part of the horse and driver. The appointments for this class include accessories formerly needed on horse and buggy trips. Judging the entries was determined on both the horse and appointments, the latter counting 40% in the decision.

First place went to the Ivan Gray Stables of Litchfield, Grand Parade, driven by its owner, Ivan Gray. In second place was another entry from the Gray Stables, Grand Duchess, driven by George Peak of Winchester. Third place ribbon went to Joe Harvester, owned and driven by Floyd Kugler of Table Grove, Ill. Beau Guy of the Beaux Chevaux Stables of Belleville, driven by Mike Whitaker, won fourth. Fifth award went to Star Dust, owned by Joe Althoff of St. Louis and driven by T. L. Hughes of Jacksonville.

Hackney Championship

The fourth class to be run was the hackney championship. The Morgan County hackney champion named in this event was Superb of the Seldom Idle Farms of Hammond, Indiana, driven by Mrs. M. G. Sprout. Second ribbon went to Cassius Lady Quality, owned by the Seldom Idle Farms and driven by Mr. Sprout. Third place was won by Parkside Surprise, owned and driven by H. E. Jones of Waverly. Fourth honor went to Ebony Princess of the Egghoff Pony Farms of Jacksonville and driven by Mrs. W. T. Hudson.

Games were played and prizes were awarded to Phyllis Covey, Joyce Ann Muehlhausen, Janet Shadid, Patsy Shadid, Donna Smith, Donald Souza, John Smith, Dean Towles, Velma Elaine Vieira, Mary Janet Decker and Doris Souza. Mrs. Vasconcellos was assisted by Miss Mardelle Vieira, Mrs. Stella Souza, Mrs. Lucille DePratis, Mrs. Ardeen DePratis, Mrs. June Shadid, Mrs. Hattie Souza and Mrs. Rose Oliver.

Refreshments were served.
